Dear Rod,

If you have forgotten my call, this is new material I'm adding to my third book. I have to reprint it now.

It is suited to that book, not a newspaper story.

After I remove a couple of goofs that are not related to what you may be able to use, on the film and on Dulles and the CIA.

Together they tell more of the story of how so much was withheld- when a President was killed.

Best,
